

Keah Shandon 8th grade

4-24-07

Dear Dr. Collier,

Before I started tutoring, I was failing Math. When I came to tutoring, I learned how to do things I've never learned. On my 1st report card, I had below a 70. The 2nd 9 weeks I had a 75 in math. Now my math grade is getting higher and I know how to do more. I even earned what I missed a long time ago. I really do appreciate this program. I thought I was going to fail the 8th grade, but I think I'm going to pass this time. Thank you so much for tutoring.

Sincerely,
Keah Shandon
