To whom it may concern:

It is my distinct pleasure to offer this letter of recommendation on behalf of Dr. Carolyn Carter, and Carter, Reddy, and Associates, Incorporated. C & R, and Associates did a stellar job of supporting the staff and students at Hanneman Elementary School/ Detroit Public Schools as our supplemental educational services provider during the 2003/04 school year. Hanneman, with a student enrollment of 500 students, presents a dynamic challenge to any educator. 65% of our student body consisted primarily Spanish speaking English Language Learners, and 92% of our students qualified for free or reduced lunches. Nevertheless, Dr. Carter, and the C & R staff embraced us and were more than up to the challenges. They offered a research-based program designed to accelerate student learning in the areas of math and reading, and made adjustments where necessary to accommodate the specific needs of our learners.

As the Principal of Hanneman, at the time C & R provided supplemental services, I can only express my highest regard for their program, services, and expertise. Should you require contacting me directly, I may telephoned at (734) 961-6503.

Thank you,

Reginald Kirkland
Principal
