Carolyn Carter, Ed.D. President
Carter, Reddy and Associates.

Carter, Reddy and Associates Inc. in the month of January 2004 helped our students 3 days a week by tutoring our students in reading and mathematics. Our students made AYP for ELA and Math through the combine efforts of our teachers and C R and Associates. Our students were enthusiastic about the program and through the motivation of its teachers performed at a high standard. We greatly appreciate C R and Associates.

Educationally Yours

Nick Edwards
Principal
