To Whom It May Concern:

I am a substitute teacher for the Montgomery Public School system. I heard a lot about the program that Carter Reddy offered our students that qualified for the Title I tutorial program. Because of my extreme interest in the program, I volunteered to assist the teachers in any way possible. While there, I saw a genuine desire from the teachers to assist these students and make an academic difference. The curriculum was appropriate and essential to the student's needs as well as interest.

I did not realize my help with a particular student was appreciated and made a positive impact on her testing results until Ms. Harris one of the teachers informed me of the student's comment about her gratitude and outcome.

I look forward to working with Carter Reddy in the near future.

Respectfully Yours,
